PREPARING STUDENTS TO BE EFFECTIVE LEADERS

The **Student Leadership Development Program** is designed to help streamline your curriculum and support in the cultivation of leadership skills among pharmacy students. The program can be used as follows:

- As an elective course by Schools and Colleges of Pharmacy to satisfy the ACPE requirements for Standard 4: Personal and Professional Development
- As a stand-alone learning experience for students interested in improving their professional and leadership skills

PROGRAM COMPONENTS

- Seven course modules with recorded presentations and active learning components
- Workbook for learners to use during the program and as a future resource
- Facilitators Guide to help guide discussion in classrooms, or as a self-assessment tool for individual learners
- Statement of Completion issued after a brief assessment is completed

Schools and Colleges of Pharmacy contact the ASHP Sales & Business Development Team at sales@ashp.org to discuss institutional and bulk purchase options.

PGY1 Community-Based Pharmacy Residency

Build upon the Doctor of Pharmacy (PharmD) education and outcomes to develop **COMMUNITY-BASED PHARMACIST PRACTITIONERS** who provide care for patients in the communities where they live and work.

ABOUT THE PROGRAM

Residents who complete a PGY1 Community-Based Pharmacy Residency will be skilled in diverse patient care, practice management, leadership, and education, and be prepared to provide patient care, seek board certification and pursue advanced education and training opportunities including postgraduate year two (PGY2) residencies.

- One-year advanced training program
- Patient-care focused
- Experiences mentored by premier community-based pharmacist practitioners
- Focus on supporting the local community through provision of health and wellness services, medication education, and other community volunteerism
- Accredited through ASHP in partnership with APhA to meet standard education requirements

COMMUNITY-BASED SETTINGS

- Independent
- Grocery/mass merchant chain
- National chain
- Health-System
- Specialty
- Long-term care
- Ambulatory care
- Federally-Qualified Healthcare Centers

BENEFITS OF COMPLETING A PGY1 COMMUNITY-BASED RESIDENCY

Competitive
job market
advantage

Long term career
satisfaction and
advancement

Networking
opportunities

Leadership
development

LEARNING EXPERIENCES

- Patient care
 - » Medication therapy management
 - » Chronic disease state management
 - » Wellness and prevention (immunizations/screenings)
 - » Acute care management for minor illnesses
 - » Transitions of care
- Practice advancement
- Leadership
- Teaching, education, dissemination of knowledge
- Quality improvement and pharmacy practice projects

My community-based residency led me to my **DREAM JOB** at a top hospital in their outpatient Endocrinology clinic. As this was a new position, I was able to bring medication knowledge and research experience I gained during residency, which helped me transition easily and demonstrate my value as a pharmacist in the clinic setting.

Emma Coyne, PharmD

Clinical Pharmacist Cincinnati Children's Hospital former PGY1 Community-based Resident at Nationwide Children's Hospital

After completion of my residency, I was able to stay on as a pharmacist at the specialty location and am now AAHIV certified pharmacist thanks to my years with Community and my **RESIDENCY EXPERIENCE**.

Susan Lutz, PharmD

Walgreens Community-Based Specialty Pharmacist

POST-RESIDENCY OPPORTUNITIES

- Eligible for board certification
- Eligible for PGY2 residencies
 - » PGY2 Ambulatory Care Resident
 - » PGY2 Pain and Palliative Care Resident
 - » PGY2 Psychiatric Pharmacy Resident
 - » Other PGY2 Specialty Residents
- Ambulatory care pharmacist
- Clinical care coordinator in chain, independent, managed care settings
- Clinical faculty/academician
- Community-based pharmacist practitioner
- Consultant pharmacist
- Managed care pharmacist
- Medical Science Liaison
- Pharmacy manager/owner
- Specialty pharmacy pharmacist
- Transitions of care pharmacist

TO LEARN MORE, VISIT
ASHP.ORG

MEMBER RESOURCES

The mission of ASHP is to help people achieve optimal health outcomes. ASHP helps its members achieve this mission by advocating and supporting the professional practice of the pharmacy workforce in hospitals, health systems, ambulatory clinics, and other settings spanning the full spectrum of medication use. ASHP membership is open to pharmacists, student pharmacists, pharmacy technicians, and non-pharmacists who impact and support patient care.

ASHP Sections and Forums

ASHP Sections and Forums are professional communities that help serve ASHP members by providing them with resources based on their professional career journey or professional interests. As part of their ASHP membership, faculty and preceptors may engage with any of the following:

- » New Practitioners Forum
- » Pharmacy Student Forum
- » Pharmacy Technicians Forum
- » Section of Ambulatory Care Practitioners
- » Section of Clinical Specialists and Scientists
- » Section of Community Pharmacy Practitioners
- » Section of Digital and Telehealth Practitioners
- » Section of Inpatient Care Practitioners
- » Section of Pharmacy Educators
- » Section of Pharmacy Informatics and Technology
- » Section of Pharmacy Practice Leaders
- » Section of Specialty Pharmacy Practitioners

ASHP Connect

ASHP Connect allows members to discuss topics and share ideas with peers nationally and internationally through an exclusive social media platform. It serves as a great resource for keeping up-to-date with current health-system pharmacy news, for preceptor development, for finding networking opportunities and mentorship programs, and for real-time communication (via the ASHP Connect mobile application). Several communities and activities of interest on Connect include:

- » ASHP Blogs
- » ASHP COVID-19 Community
- » ASHP Section & Forum Communities for all interests

connect.ashp.org

Councils and Commission Appointments

The five councils are the primary bodies that initiate ASHP policies on professional issues.

- » Council on Education and Workforce Development
- » Council on Pharmacy Management
- » Council on Pharmacy Practice
- » Council on Public Policy
- » Council on Therapeutics

Commissions are ASHP bodies advising the Board on matters pertaining to standards for affiliation, accreditation, and board strategic and health policy issues.

- » Commission on Affiliate Relations
- » Commission on Credentialing
- » Commission on Goals
- » Pharmacy Technician Accreditation Commission

Call for recommendations for ASHP's Councils and Commissions opens the first week of September
ashp.org/CouncilsandCommissions

Advisory Group and Committee Appointments

ASHP's Forum and Section Advisory Groups and Committees offer the best way to participate with ASHP and colleagues who share the same interests.

- » Advisory Groups: Advisory groups vary depending on the selected Section or Forum.
- » Committees
 - » Educational Steering Committee: Charged with identifying key topics to meet the educational needs of their respective Section or Forum members.
 - » Nominations Committee: Responsible for determining the election slate each year for the new members of the Section's Executive Committee.

Applications are accepted from February through May 1 every year. ashp.org/AdvisoryGroups

Sections and Forums Executive Committee Elections and Appointments

The Section Executive Committees of the Sections are composed of members elected annually to one of the following offices:

- » Chair - serves approximately three years, first as Chair-Elect, then Chair, then Immediate Past-Chair
- » Director-at-Large - serves 2 years

Annual nominations for the following positions submitted by email to ashpcon@ashp.org each January.

PROFESSIONAL RESOURCES

Resource Centers to Meet Your Professional Needs

Explore a variety of subjects and materials prepared for ASHP members on various topics. Amongst them you can find:

ASHP Policy Positions, Guidelines, and Statements

ASHP develops official professional policies, in the form of policy positions and guidance documents. Policy positions are short pronouncements on one aspect of practice. Statements express basic philosophy, and guidelines offer programmatic advice. Therapeutic position statements are concise responses to specific therapeutic issues, and therapeutic guidelines are thorough, evidence-based recommendations on drug use. ashp.org/PolicyPositions
