

WE SALUTE YOU

ASCP recognizes the vital role that pharmacists play in managing the safe, effective use of medication for geriatric patients. No other professional association is focused solely on your needs and your career as a senior care pharmacist.

Make ASCP your professional home and advisor.

DO YOU HAVE SENIOR PATIENTS?

Get the training you need to
manage medications for older adults
from the organization with over **50 years**
of geriatric pharmacotherapy expertise.

At ASCP, we are ready to help you
BE THE BEST
senior care pharmacist.

- Train and **study for Board Certified Geriatric Pharmacist (BCGP) examination** or obtain recertification credits.
- Learn how to **become a pharmacy entrepreneur** and stay competitive in the future senior care landscape.
- Get listed in the **Senior Care Pharmacist Directory** so seniors, caregivers, and health care service providers can search for you.
- Stay relevant and up-to-date with resources like ASCP's monthly peer-reviewed journal and **free monthly CPE webinars**.
- Save on **live meetings and online education**, as well as hotel, travel, and office supplies.
