

# ARL

BIO PHARMA

## Your Testing Solution STARTS HERE

ARL Bio Pharma provides the highest level of laboratory quality testing for the pharmaceutical industry.

Our Core Values:

- Scientific and Technical Competence
- Customer Service
- Quality
- Integrity
- Collaboration

cGMP and non-cGMP services available

**Set up your account and  
submit samples today!**

## ANALYTICAL FINISHED PRODUCT

Services meet general testing requirements for pharmaceutical products including multiple dosage forms.

- Osmolarity/Osmolality
- Particulate Matter USP <787>, <788>, and <789>
- Potency Testing
- Specific Gravity
- Stability Indicating Methods
- Stability Studies
- Surface Wipe Testing USP <800>
- Titrations
- Total Organic Carbon

## ANALYTICAL RAW MATERIAL

Qualifies drug substances and excipients as well as drug products to meet pharmacopeia specifications.

- Assay
- Atomic Absorption (AA)
- Chromatography (GC / HPLC / TLC / UHPLC)
- Identification USP <197>
- Limit Tests
- Loss on Drying USP <731>
- Residual Solvents USP <467>
- Titrations
- Water Determination USP <921>

## MICROBIOLOGY

Provides the highest quality in USP required microbiology testing for sterile and non-sterile preparations.

- Antimicrobial Effectiveness USP <51>
- Container Closure Integrity USP <1207>
- Endotoxin USP <85>
- Microbial Identification
- Microbial Enumeration USP <61>
- Specified Organisms USP <62>
- Sterility USP <71>
- Validated Rapid Sterility USP <1223>
- Water Activity USP <922>

ARL is an FDA registered analytical laboratory and DEA licensed (Schedules I-V).

ARL is ISO 17025:2017 accredited as applicable to our scope of accreditation.
